Participant Packet

CONTENTS

You are responsible for (a) reviewing this entire document and (b) bringing a copy of this document with you to class daily.

What should you expect during Boot Camp?

The Boot Camp will challenge you to apply existing skills in Java Script, Ajax, and HTML in a fast-paced and condensed learning environment. You will complete a series of instructor-led and web-based training that will prepare you for comprehensive projects, skill exercises, and the type of work you may perform as an Entry-level Developer.

Your participation and focus during Boot Camp is important, and **you are expected to behave and perform in a professional manner**.

What is expected from you?

Your instructors and TEKsystems expect you to behave professionally. This includes:

- Dressing appropriately (refer to dress code);
- Practicing positive and respectful communications with peers and instructor(s);
- Being ready to begin class on-time (you should be in your seat and ready to work at times assigned by your instructor);
- Completing coursework on-time, including after-hours and weekends.

You are responsible for presenting yourself professionally. If you are in doubt about a particular piece of clothing, don't wear it. Conservative is always best as a consultant.

Task#1: Prepare for Boot Camp

You are responsible for preparing for your Boot Camp experience. This includes ensuring that you have the necessary supplies and equipment ready for the first day of Boot Camp. Your task is to review the following checklists, and complete each task before Boot Camp.

Supplies

- ☐ Notebook to record notes
- ☐ Folder to store handouts
- ☐ Pen(s) and/or pencils to take notes

Equipment

- ☐ Personal laptop
- ☐ Power Cord
- ☐ Headphones (used to complete web-based training)
- ☐ Mouse (optional)
- ☐ Laptop Bag (optional)

Additional Items

- ☐ Print a copy of the WIFI login credentials you received from TEKsystems' Help Desk
- ☐ Print a copy of the Participant Packet (this document), including any attachments you received

In addition to preparing your supplies and equipment, you are also responsible for testing your personal laptop to ensure that it meets (a) minimum system requirements and (b) is able to connect to the ReadyTech environment that will be used throughout the Boot Camp.

Laptop Preparation

- ☐ Complete the Classroom & System Requirements Technical Setup Guides for the following:
  - o CU3036: Comprehensive Angular 4 Project for Anthem (refer to email attachment)
  - o CU3026: Advanced JavaScript for Web 2.0 Development for Anthem (refer to email attachment)

  For assistance with completing the set-up guides, contact
  Chris Porter between 8 to 6pm EST at **cporter@teksystems.com** or **603-583-1434.**

You must complete set-up before your preparation call.

Task #2: Plan your Travel

Your class will be held at TEKsystems' office located at **4952 Lake Brook Dr. Suite 200, Glen Allen, VA, 23060.** Class will begin at 8:30 am and end at 5:30 pm daily. A one-hour lunch period is provided, and your instructor may adjust your start and end times as necessary. Your instructor will also notify you of daily break times. Additional information related to your class includes:

Training Location
4952 Lake Brook Dr. Suite 200
Glen Allen, VA 23060

Building Access
Proceed directly to Suite 200. You may arrive as early as 8am.

Parking
Ample, free parking is available.

Dress Code
Business Casual/Conservative. Jeans or Sneakers are not allowed.

Facilities
Breakroom (complimentary coffee and water, refrigerator, sink, and microwave. Restroom on same floor.

You should be in your seats and ready to begin class by 8:30 am, so plan to arrive by 8:00 daily. Your instructor will begin class on time.

Lunch Breaks

You are responsible for providing your own lunch and snacks during Boot Camp. You are free to use the break room amenities to store and/or heat up your own lunch. If you decide to leave the facilities for lunch, you are responsible for returning to class before your lunch break ends.

Market Cafe
10950 Nuckols Rd

Café Delicious
4435 Waterfront Dr #110

5300 Wyndham Forest Dr

Home Team Grill
11351 Nuckols Rd

Chen's Chinese Restaurant
11361 Nuckols Rd

Zaxby's Chicken Fingers
11350 Nuckols Rd

Pizza Hut
11385 Pizza Hut

Subway
11347 Nuckols Rd

Scan for restaurants near you

TEKsystems does not endorse any of the vendors listed, vendor information provided for your reference and you are encouraged to research vendors close by.

Task #3: Review the Boot camp schedule

Review the schedule for Boot Camp. You should arrive 30 minutes before the start of class. Your instructor(s) will provide an overall syllabus at the start of each class.

Note: You will receive the boot camp schedule via email.

Task #4: First day of Boot Camp

Welcome to the first day of Boot Camp! TEKsystems has worked hard to create a comprehensive and challenging experience for you. Here's what you can expect on your first day:

<u>Agenda</u>

8:45 to 9:45	Welcome and TEKsystems introduction
10:00 to 11:00	Anthem Experience
11:00 to 12:00	TEKsystems onboarding
1:00 to 2:00	Laptop Check (verify software/environment download, test connection to office wifi)
2:00 to 5:00	Self-study/Skillsoft (refer to boot camp schedule)*

*May be completed from home

Task #5: Class Surveys

You will be asked to provide your feedback about your experience with each class, and your overall experience with the Boot Camp. Your instructor will provide you with instructions for completing each of the following types of surveys, which will help TEKsystems understand your experience and to continually improve the Boot Camp experience.

End of Class Satisfaction Survey (completed at the end of each instructor-led class)

This survey focuses on your experience with the instructor, materials, and activities during class. Your instructor will provide you with instructions for accessing the survey

TEKsystems Survey (completed at the end of each class)

This survey focuses on your overall experience with the classroom quality, instructor, training content, and the knowledge and skills you gained from each class. Your instructor will provide you with information on how to access the survey.

Boot Camp Experience

This survey focuses on your experience on the pilot version of Boot Camp and your level of confidence with applying knowledge and skills you gained during this experience.

You may be contacted by TEKsystems to participate in additional surveys or conference calls.

Task #6: Final Day of Boot Camp

Congratulations for reaching the final day of Boot Camp! Today you can expect to work with an Anthem Developer to understand the typical challenges they face and to see a demonstration of work performed. You will spend the remainder of your day completing required web-based training. Here's your agenda for today:

Agenda

8:30 to 11:30   Anthem Experience & Anthem Style Guide

11:00 to 5:30   Skillsoft WBT

*Skillsoft WBT can be completed from home

Task #7: Prepare for the interview

You should have received your interview schedule during Boot Camp. If you did not receive it or need to adjust your interview time, please contact Chris Williams, Delivery Manager at chriswil@teksystems.com.

Your interview will be conducted after successfully completing Boot Camp. The interview will focus on your attitude, knowledge, and skills and will be conducted by senior developers. You must complete and submit a Skill Exercise prior to your interview. Your interviewer(s) will review and discuss your performance on the exercise. You should make every effort to complete the Skill Exercise within the time allowed.

In addition to providing your Skill Exercise, you should have your certificate of completion for each Web-based training course you complete through Skillsoft and through Litmos. You may also want to prepare a portfolio of development work you've completed to present during your interview.

Appendix A: Skillsoft

You will use Skillsoft to access web-based training. You will have complete access to the Skillsoft library of courses and can complete courses throughout your Boot Camp. Refer to your first and last day information for a list of required courses you must complete.

You will receive your login credentials via email. You can access and login to Skillsoft by going to:

1. https://allegisgroup.skillport.com/skillportfe/custom/login/allegis/login.action

   If you do not receive your login credentials, please check your junk mail. You can also use the **Forgot your Password?** Link on the login screen to have another password emailed to you.
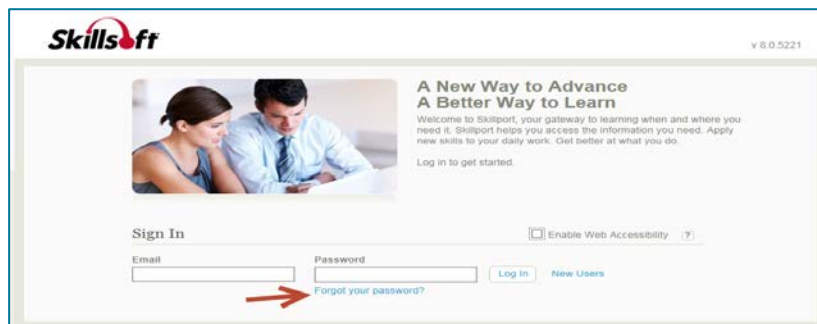

2. Complete skillsoft training listed in your boot camp schedule.
